

When Dreams Become Reality

A showcase of theater shorts, one acts, and new works

What happens when your dreams come true? What happens when your nightmares do the same? Through a series of one act shows and shorter pieces, Monroe County Civic Theater is exploring the magic, mystery, and melodies of the dreamscape.

We will offer two versions of our Showcase of One Acts - one that is family-friendly and one that may delve into more adult themes and language.

Who do we need?

MCCT exists to allow our community a fun, safe, and appropriate space to learn more about theater and performing. We are seeking actors, writers, directors, tech folk - you name it, we'll do our best to find a spot for you!
